Visit your local ICAN Chapter!

ICAN Chapter meetings are open to the public but we encourage you to join and support your ICAN chapter at the local level so that all women in your area will have access to the resources and support of the ICAN organization. A local chapter is invaluable in assisting women seeking information about caregivers or hospitals in her area and creates opportunities for women of like minds to meet in a safe place to share their experiences and make changes in their community.

Please keep in mind that all of our Chapter Leaders are mother-volunteers. If you do not get a response to your email, we recommend calling and leaving a message. If you have trouble reaching your local Chapter Leader, please contact the [Chapter Director](#).
